

The Classic Motorcycle Riders Club of WA

ISSUE NO 315 – Feb 2026

President's Report

Fellow Bike Riders,

Firstly, those of you who attended our meeting this month, both those who came for the ride and those who came to support the meeting. Thank you.

The motion published in our last newsletter regarding **Life Membership** was adopted unanimously putting this issue to bed and will become part our Bye Laws.

It was my ride this month to Lake Leschenaultia and I'm glad to say it was a good turnout so thank you for your support. I hope you enjoyed our little run through John Forrest National Park; I know some parts were a bit bumpy but the scenery is very nice. I am glad though, I was not on my rigid frame bike, I would have needed a dentist to put my teeth back. It was only for a short time then the roads were smoother. I do apologize for missing a turning and having to turn all of us around the sign was covered in greenery. The corner marking was excellent we all arrived and pretty much together. There was plenty of room at the lake and they've built a big Cabana just in front of the café, just perfect for our needs.

I look forward to seeing you all on the March ride next weekend.

Stuart Mc

Club Website

Thanks to our treasurer and long-time club member Wayne Fletcher (Fletch), our new website is looking better week by week. For a modest investment of \$250 we will be able to provide access to club members of all sorts of useful information.

The latest feature is to give members the ability to register their Impromptu Rides direct to the website.

Check it out and try it out! Here is the link:

<https://www.cmrcwa.com.au/contact-9>

Open the link and it will take you to the Ride Notice on the webpage.

Save the page as an icon on your home page on your phone (or anywhere else you wish).

Then, to submit a Ride Notice, just hit the icon and you go straight to the page, fill in details and submit.

Help!!

Any members that could spare 20-30 minutes per month to help Fletch with managing/maintaining the club website, please let us know. It doesn't require any great skill-levels, just the desire to help the club.

Contact any of the committee members if you can help or would like more information. Thanks in Advance!
